

# Five Wishes

The ADC and Hospice of New Jersey invite you to join us in recognizing National Healthcare Decisions Day.

Stop by the ADC on April 19th between 2:00 p.m. and 3:30 p.m. and receive a copy of the Five Wishes, meet Robin Williams of Hospice of NJ, and enjoy a snack with the ADC team.

National Healthcare Decisions Day (NHDD) exists to inspire, educate and empower the public and providers about the importance of advance care planning. NHDD is an initiative to encourage patients to express their wishes regarding healthcare and for providers and facilities to respect those wishes, whatever they may be.

Five Wishes is America's most popular living will because it is written in everyday language and it helps people express their wishes where it matters most. It includes considerations for personal and spiritual preferences in addition to medical and legal issues. It is also a blueprint for describing what good care means to you and detailing to your family exactly what you want.
